

People's Education Trust(R.),
P.E.S. College of Engineering, Mandya

(An Autonomous Institution Aided by Government of Karnataka, Affiliated to VTU, Belagavi)

NEXOIMATE ROBO RACE

OBJECTIVES:

Participants must design and operate a manually controlled robot (wired or wireless) to navigate a track with obstacles and sharp turns in the shortest possible time.

ELIGIBILITY:

- The competition is open to all students.
- Each team must consist of 2 to 4 members.
- A participant cannot be a part of multiple teams.

Open to all students from any college or institution. Participants can compete individually or as a team, as per event rules. All participants must carry a valid student ID card for verification. Entry will be permitted only after successful registration. Participants are expected to follow all event guidelines and maintain discipline throughout the competition.

NEXOULATE

BOT SPECIFICATIONS:

- Control Type: Wired or wireless.
- Maximum Weight: 5 kg (with 5% tolerance, up to 5.25 kg).
- Maximum Dimensions: 30 × 30 × 30 cm (with 5% tolerance, up to 31.5 cm).
- Construction: Robots must be fully custom-built. LEGO, kits, or ready-made bots are not allowed.
- Power Source: Only electrical power is allowed (no IC engines).
- Power Supply: Onboard battery or wired external source permitted.
- Voltage Limit: Maximum 12.5V across any two points.
- Backup: Teams must carry spare batteries.
- Wired Bots: Cable must be long enough and remain slack during the match.

GAMEPLAY:

- The robot starts from the starting line, and timing begins immediately.
- The robot must stay within the track at all times.
- If it goes off track, it must restart from the last checkpoint while the timer continues.
- Skipping any obstacle will result in a 30-second penalty.
- The race ends when the robot crosses the finish line, stopping the timer.
- Detailed scoring and penalty rules will be announced on the event day.
- Robots inactive for more than 3 minutes will be disqualified.

NEXOULATE

PENALTIES:

- 5 seconds added if one wheel goes off track.
- 20 seconds added if the entire robot leaves the track.
- 30 seconds added for manual intervention (touching the robot).

TRACK SPECIFICATIONS:

- The track will have a single start and finish line.
- Surface may include uneven sections.
- Multiple obstacles will be placed to challenge navigation and speed.

RULES & REGULATIONS:

- Each team can have up to 4 members.
- Only 2 members are allowed to control the robot during the race.
- Remaining members must stay outside the competition area.
- Misconduct or rule violation may lead to disqualification.
- Any intentional damage to the arena or interference with other robots will result in disqualification.
- All decisions by judges and organizers are final.
- Participants must follow referee instructions at all times.
- Organizers reserve the right to modify rules if necessary.
